Ask for a meeting with school staff to talk about concerns

School staff may discuss options within the school or refer to another service

Physician

Community Counselor or Service

**YScreen** is a mental health check-up available to students in grades 8 - 12 in Fond du Lac county schools. The program is used to identify risk factors associated with depression, anxiety, and alcohol and substance abuse. It is free and confidential. For more information call (920) 906-6777 or (920)906-6700 ext 4714.

Children do best when families, providers, and schools work together as a team. Parents may want to consider signing release of information forms to make sure that all current providers are aware of the concerns and referral.

# Accessing Mental Health Services in the Fond du Lac Community

**Use this booklet if you have a concern about: your child's mental health or the social, emotional, or behavioral development of your child**

Offered by the CSI (Comprehensive Service Integration) Project. CSI is families, schools, and community working together to support children as they grow. Many things, like positive relationships, family connections, and environment, affect children's well-being. Meeting their needs now will result in healthy adults and a safe community for everyone.
